

Juniper Green Energy Receives Letter of Award from SECI for 230 MW FDRE-RTC Project

New Delhi, August 17, 2026: Juniper Green Energy Limited (JGEL) has received a **Letter of Award (LOA)** from the **Solar Energy Corporation of India Limited (SECI)** for a **230 MW Firm and Dispatchable Renewable Energy (FDRE) Round-the-Clock (RTC) Power Project** at a tariff of **₹5.26 per unit**.

Juniper Green Energy emerged as the winning bidder for **230 MW** in the e-Reverse auction conducted by SECI for its **1,000 MW FDRE Round-the-Clock Renewable Energy tender** on **August 6th, 2026**. The tender is among India's most innovative renewable procurement tenders requiring renewable energy projects and storage systems to mimic the reliability profile of thermal generation.

The project will be implemented in **Rajasthan** and will be connected to the National Grid. The project will be backed by a **25-year Power Purchase Agreement (PPA)** with SECI. It will leverage Juniper Green Energy's integrated development capabilities across **solar, wind and battery storage technologies** to ensure consistent and reliable power delivery. The project further strengthens Juniper Green Energy's FDRE portfolio with an incremental installed capacity of 795 MWp Solar capacity, 75 MW Wind capacity and 2200 MWh of BESS capacity.

About Juniper Green Energy Limited

Juniper Green Energy Limited is an independent renewable energy power producer in India, focused on the development, construction, and operation of utility-scale solar, wind, hybrid, and Firm & Dispatchable Renewable Energy projects. The Company has been developing renewable energy assets across India since October 2018 and has built integrated capabilities spanning the entire project lifecycle, from project conceptualisation and development to construction and operations.

Juniper Green Energy Limited has an operational capacity of approximately 2.57 GWp and 500 MWh BESS and a total portfolio of more than 11 GWp and 6.7 GWh BESS, where the total portfolio includes operational, under-construction, contracted and awarded projects. The Company is committed to delivering reliable and sustainable clean energy solutions that support India's transition to a low-carbon economy.
