

## Juniper Green Energy Appoints Ankush Malik as Chief Executive Officer

**Gurugram, 22<sup>nd</sup> May:** Juniper Green Energy has announced the appointment of Ankush Malik as its Chief Executive Officer.

With over 15 years of rich experience in the power sector, Ankush brings a strong track record of leadership, strategic execution, and deep industry insight. He has been a driving force behind Juniper Green Energy's growth journey since November 12, 2018, and was inducted into the Board as Chief Operating Officer (COO) on April 30, 2024. His leadership has played a pivotal role in accelerating the company's mission to deliver clean energy solutions that power a sustainable future.

In his new capacity as CEO, **Mr. Ankush Malik** will lead long-term growth strategies of the company and oversee all aspects of the company operations, business development, project development, construction and regulatory aspects of the business. His appointment signifies a key moment in Juniper Green Energy's trajectory as it aims to expand its presence and impact within India's evolving renewable energy market.

Commenting on his appointment, **Ankush Malik** said, *"I am deeply honoured to take on this responsibility and thankful to the Board for their confidence in me. As India undergoes a transformative energy transition, Juniper Green Energy is positioned to capitalise on the growing renewable energy sector in India. I look forward to working closely with our teams and partners to create long-term, sustainable value for all our stakeholders."*

An alumnus of IIT Delhi and IIM Lucknow, Ankush has held leadership positions at Orange Renewable Power and gained valuable experience at ICICI Bank and Lanco Infratech. He brings deep expertise in business development, regulatory affairs, and operational strategy, making him well-equipped to steer Juniper Green Energy's growth.

Welcoming Mr Malik to his new role, **Chief Financial Officer Parag Agarwal** said, *"Ankush's elevation to CEO is a natural progression of his remarkable contributions to the company. His deep understanding of the sector, combined with his execution focus and leadership vision, makes him the ideal choice to lead Juniper Green Energy through its next phase of growth. I look forward to working alongside him as we continue to build a future-ready, resilient energy company."*

### About Juniper Green Energy

Juniper Green Energy is an independent renewable energy power producer in India, focused on the development, construction and operations of utility-scale solar, wind, and hybrid renewable energy projects. It is headquartered in Delhi NCR since October 2018; the company has grown its operational capacity to 1.1 GWp. With expertise spanning the entire project lifecycle – from initial concept to construction and development across India – Juniper Green Energy provides energy solutions and undertakes large-scale projects, thus playing a role in India's shift towards clean energy.

Juniper Green Energy is a part of the AT Capital Group, a globally diversified investment group based in Singapore. AT Capital Group focuses on sectors including Renewable Energy, Residential and

Commercial Real Estate, with a presence in India, the GCC, Europe, and the United States. Within India, the group also operates Experion Developers, a real estate company, and Experion Capital, a Non-Banking Financial Company (NBFC) that specialises in financing real estate and infrastructure projects.
