

**Juniper Commissions 145.99 MWp Chapalgaon Solar Project in Maharashtra**  
*Full capacity Project operational 19 months before scheduled commercial operation date*

**New Delhi/Mumbai, June 4th, 2025** — Juniper Green Energy is proud to announce the early commissioning of **145.99 MWp / 100 MW** of its solar power project in **Chapalgaon, Maharashtra**, which will supply power to **MSEDCL**. The plant was commissioned on **May 22, 2025**, an impressive **19 months ahead of the Scheduled Commercial Operation Date**, and within **2.5 months of PPA signing on March 7, 2025**. The project will operate at a full capacity of **145.99 MWp** from its commissioning.

“This milestone is a testament to Juniper Green Energy’s ability to execute renewable energy projects at scale and speed. Our strategy of timely development enables us to stay ahead of timelines and deliver clean energy to the grid. Early land acquisition and site development, comprehensive technical and environmental due diligence, grid connection permits, transmission line readiness and transmission infrastructure ensures a seamless process and enable our success,” **said Ankush Malik, CEO, Juniper Green Energy.**

Juniper Green Energy’s proactive approach enables them to deliver quality projects before deadlines, supporting India’s grid reliability and renewable energy goals.

### **About Juniper Green Energy**

Juniper Green Energy is an independent renewable energy power producer in India, focused on the development, construction and operations of utility-scale solar, wind, and hybrid renewable energy projects. It is headquartered in Delhi NCR Since October 2018; the company has grown its operational capacity to [1.3 GWp as of May 31, 2025] With expertise spanning the entire project lifecycle – from initial concept to construction and development across India – Juniper Green Energy provides energy solutions and undertakes large-scale projects, thus playing a role in India's shift towards clean energy.

Juniper Green Energy is a part of the AT Capital Group, a globally diversified investment group based in Singapore. AT Capital Group focuses on sectors including Renewable Energy, Residential and Commercial Real Estate, and Hospitality, with a presence in India, the GCC, Europe, and the United States. Within India, the group also operates Experion Developers, a real estate company, and Experion Capital, a Non-Banking Financial Company (NBFC) that specialises in financing real estate and infrastructure projects.
